Hacienda Patrón In Jalisco, Mexico

A STORY OF QUALITY

High in beautiful Atotonilco, El Alto (the highlands) of Jalisco, the premier tequila producing region of Mexico, sits Hacienda Patrón – the heart and soul as well as the home of Patrón tequila, recognized across the globe for its sophistication and high-quality.

Patrón tequila is hand-made, in small batches, with 'sixty hands' from beginning to end. Weber Blue Agave is harvested, then distilled at the hacienda using the traditional, time-honored process.

Dedicated to preserving the purity and beauty of the region, the Hacienda Patrón Distillery has earned clean industry certification from the Mexican Environmental Protection Agency for reducing waste, lessening emissions, and limiting other environmental impacts.

Each bottle of Patrón Tequila is individually inspected, labeled & numbered with meticulous care. In accordance with Mexican regulations, all licensed tequila producers are assigned a Normal Oficial Mexicana (NOM) number. This unique four-digit code is found on every bottle of tequila authentically produced and bottled in Mexico. The NOM for Hacienda Patrón is 1492.

300 is the highest score possible in a ten frame game of bowling, the mark of a true quality bowler and fitting for Patrón, at the pinnacle of high quality tequila. In Room 300 we are proud to serve the entire family of Patrón Tequilas, each one distilled at the Hacienda Patrón distillery and a unique range of tequila based cocktails custom-created for Kingpin.

Enjoy.
